President Evangeline Allen remarks at the Book Reading & Book in a Bag Competition.

Welcome to a very special occasion in the life of the Rotary Club of Antigua today. If you are planning for a year, sow rice, If you are planning for a decade, plant trees. If you are planning for a lifetime, educate the people. This year, with the Club's focus being Literacy, we are pleased that we are able to create and stimulate competition by offering various literacy projects, today being the Book Reading Competition. In September, we were able to provide a dozen students with back packs and back to school supplies. At the start of the school year, we also started a Student of the Month Award where every month 3 students are recognized from Grades 1, 2 and 3 from the Golden Grove, GreenBay and Five Islands

Primary Schools.

The student of the month is chosen based on qualities of the month must be a diligent student, completing his/her such as character, leadership and academics. The student of the month must be a diligent student, completing his/her assignments on time, showing strong effort to learn the subjects.

The student of the month too must be able to demonstrate excellent behavior inside and outside the classroom, is well mannered, and respectful to both peers and teachers. Lastly, the student of the month shows exemplar character through his/her compassion, honesty, trustworthiness, responsibility, optimism, and loyalty in creating a positive school environment. In January, We launched the Book in a Bag Competition which ran for three months. This competition is designed to stimulate reading. Students

were given a selection of books under various categories to read within the assigned time frame. reports were also presented on each read.

Designated response activities were also assigned for completion after reading and Book reports were also presented on each read.

Nine students 3 each from Grade 5 of the Golden Grove, GreenBay and Five Islands Primary Schools compete in the Rotary Book Reading Competition. The goal of the Book Reading Competition is to stimulate, encourage and activate reading on a continuous basis. Children love a challenge, so when we make reading into a competition, students who otherwise wouldn't want to read will be excited to read as much as they can.

A reader lives a thousand lives before he dies. The man who never reads lives only one.
