# Challenges Encountered along the Way

- The loss of Rotary Club of Saint Lucia South .....Why did this happen?
- The Struggles to attract and retain great members.....Is the recruiting process flawed or outdated?
- Lack of consensus on the most effective strategies to build membership
- Low levels of engagements by members generally.....Is this the result of fatigue and burn-out or is it a failure to assign or delegate responsibilities?

# Strengths of our Club

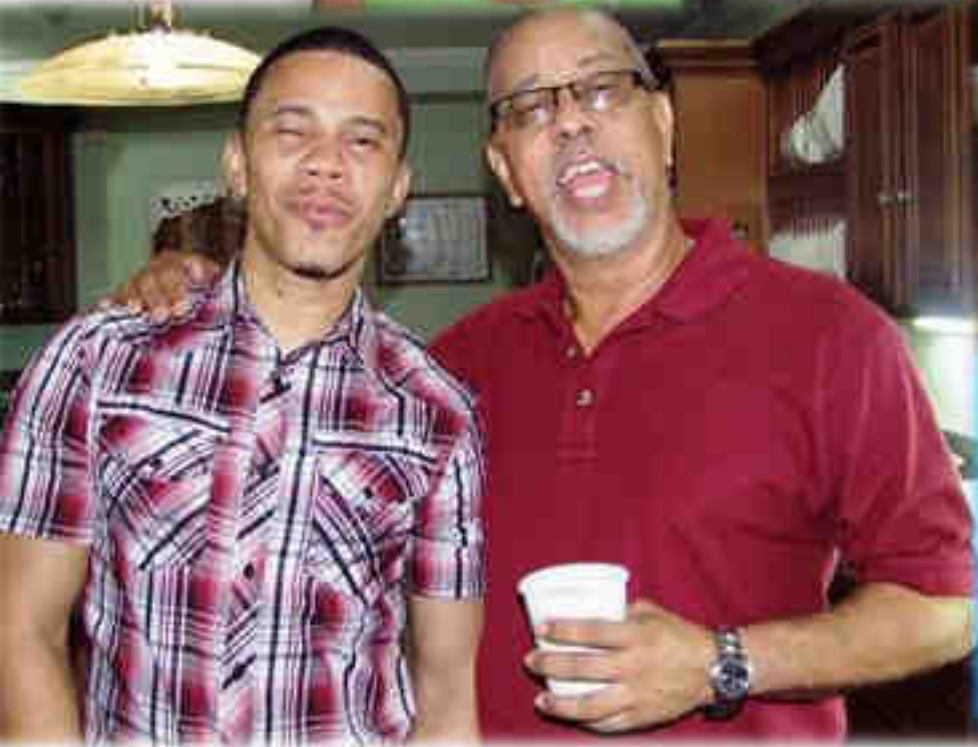

- The commitment to grow Interact to start developing young leaders as well as the start of the 1st EarlyAct Club in District 7030
- Launch of Interact Club at A-Level College...Students who were previously members of Interact Clubs in various schools are now together under one Interact Club with experienced members
- A die-hard committed core of members that keeps the Club going
