Heal a Child, Change the World®

World Pediatric Project
Heal a Child, Change the World®

IN THE BEGINNING

- 2001 International Hospital for Children (IHC) Richmond VA. Dr Julian Metz
- 2002 The Power of the Pin
- 2011 IHC merged with Healing the Children, St Louis MO. and became the World Pediatric Project

World Pediatric Project
We're in CHOC. Change the world.

Our Vision

Every child, regardless of geographic, social or economic circumstance, has access to pediatric critical care resources

Thank you to our partners!

Lives Lost Needlessly

**9 out of 10
people**

in low and middle income countries lack access to basic surgical care.

Pediatric focused resources are even more scarce.

Deaths from lack of access to surgery claim **more lives** than HIV/Aids, TB and malaria **combined**

USD\$ 37 Million

Dedicated pediatric operating theater at Milton Cato Memorial Hospital.

USD\$1.3 Million

World Pediatric Project
Heal a Child. Change the World®

World Pediatric Project is poised to solve this significant gap in access to advanced pediatric surgical care in the Eastern Caribbean Region and the country of Belize, while accelerating access for thousands of children in WPP's other partner countries in Central America

Dominican
Republic

Belize

Eastern
Caribbean

Guatemala

Honduras

Barbados

El Salvador

Panama

Transformation2023

Healing more children,
Sooner

GOAL: 100% Access to
pediatric critical care
resources for children of the
Eastern Caribbean and
Belize

Transformation 2023

Accelerates WPP
mission outreach
to achieve
significant
outcomes twice
as fast

(2023 outcome achievements
7-8 years sooner than current
average annual growth)

World Pediatric Project
Heal a Child, Change the World®

THE COST OF TRANSFORMATION 2023: USD\$20 million which will equal USD\$120 million in
