Your Club

Successful clubs achieve their goals by staying vibrant, flexible, and innovative. This tab provides you the opportunity to view and track membership, Rotarian engagement, club communication, and public relations goals.

Current, incoming, and immediate past club leaders — the president, secretary, treasurer, executive secretary, Foundation chair, and membership chair — can edit goals and achievements. All club members can view goals and achievements.

Service

Effective service projects can translate into effective clubs. By carefully selecting, planning, and evaluating a project, a Rotary club can successfully carry out service projects that address community needs.

In the Service tab, club officers can set goals for service projects, Youth Programs, and Youth Participation.

ROTARY CLUB CENTRAL | Upgrade notice !

Five years since its debut, Rotary Club Central is getting a big upgrade

When we introduced [Rotary Club Central](#) in 2012, it revolutionized goal tracking and planning for clubs and districts — no more filling out paper club-planning forms or passing along boxes of historical club information every time a new leader took office.

Rotary Club Central offered clubs and districts a quantifiable way to begin measuring local and global impact, specifically membership initiatives, service activities, and Rotary Foundation giving.

But as with any technological advancement, in a few short years, Rotary Club Central began to show its age, and Rotarians took notice. They wanted a tool that was more robust, faster to use, and easier to navigate. It was time for an upgrade.

In July, we'll unveil a new and improved Rotary Club Central. We've completely redesigned it with a fresh, modern interface. Pages load faster, navigation is more intuitive, and easy-to-read charts and graphs make past and current club data more accessible.

Members and club leaders can view trends, plan for the future, and track progress in just minutes. Plus, Rotary Club Central offers an individual user experience, allowing club leaders to plan and evaluate what is important to their own clubs, like membership activities or Rotary Citation goals. You can even enter your Rotary Foundation giving goals in local currency.

Rotary Club Central is also a great tool for succession planning. Club leaders change annually, so the historical record of goals and achievements eases the transition and ensures continuity. It's just one way to boost trust between members and club leaders, because everyone has access to the same data and is working together to achieve the same goals.

The Rotary Club Central upgrade will happen seamlessly, which means you don't have to do anything. All data already in the platform will automatically migrate into the new system. Additional updates about the new Rotary Club Central will be posted on My Rotary in the near future.

PREVIEW ROTARY CLUB CENTRAL | SOME KEY FACTS

The new version will likely launch sometime in July:

- Rotary Club Central will be faster! It will likely only take 3-5 seconds to load a page.
- The goals entered into Rotary Club Central right now will transfer into the new version.
- There will be a dashboard with graphs and data.
- On the Club Goals page, clubs will be able to easily view historical data for each goal and quickly set all the goals they want to set.
- “Rotary Citation” area is where clubs will enter the two goals that President-elect Ian has specifically requested: **number of volunteer hours and amount of contributions.**
- On the Service Activities page, clubs will be able to easily repeat a past project. If a club has a project entered into Rotary Club Central and then repeats the project the next month or next year, they can click on the “Repeat Past Project” option. This will copy a lot of the data from the past project into the new project. The club will simply need to update the dates of the project and add in new project data (number of volunteers, number of hours, etc.)
- Clubs will be able to easily navigate and use Rotary Club Central on a tablet or phone
